

IMIS Global Limited

Press release

Date **March 2008**

IMIS Global Limited has completed the delivery of a major upgrade to Tekonet, the IMIS Global Limited partner in Croatia.

The upgrade includes more than twenty **Base Station Controllers [BSCs]** to be fitted into IMO compliant AIS base station obtained from two different third party suppliers.

The **MariWeb™** BSC was chosen for the phase 1 expansion after more than 2 years of field testing on a number of AIS **Physical Shore Stations [PSS]** that were deployed along the Croatian coastline at critical locations to cover the Adriatic Traffic Separation Schemes. Testing has included intensive transmit message testing.

The Croatian system is being expanded to have more than twenty five AIS base stations connected into one National AIS system for the Croatian Maritime Authority.
